

Personal Data Protection Act (PDPA)

The PDPA allows you to decide which organisations can collect your data, how it is to be used, and whether it can be disclosed.

Among other requirements, organisations are required to notify you of the purposes and obtain your consent, for the collection, use and disclosure of your personal data, unless an exception applies.

BENEFITS TO YOU:

Gives you
greater control
over your personal
data

Builds trust
and confidence
between
organisations
and you

Reduces
unsolicited
telemarketing
messages

“ Know the purpose
before giving consent
to any organisation ”

“ Know who you are
giving your personal
data to and consider
whether it is necessary ”
